

2007

End of the First Semester is January 19<sup>th</sup>. Report cards will be sent out about 10 days later. Keep your eyes on your mailboxes!

**CROSSING GUARD TRAINING**

We need crossing guards at lunch to keep our students safe while crossing Commercial Street to the park. Do you have an hour/week to act as a crossing guard? The Willits Police Department has volunteered to train parents for this duty and it would be nice to get it done before the warm weather returns. We need at least five parents to this very necessary and important job. Call Carol or Sally to sign up.

“Building and Promoting Asset Development For Youth, a Resource Guide For Parents” was designed to assist parent in building assets with their children to make healthy & safe choices regarding tobacco, alcohol, drugs & violence. This booklet provides tools and resources to guide adults in our community to put the health, well-being & safety of our youth first. Ask for your copy from Carol at the front desk.

**MATERIALS DONATIONS & PARENT HOURS**

When you enrolled your child (or children) at Willits Charter School you agreed to make a materials donation of \$100/student and put in 40 hours/student of volunteer time to help the school. Many of you have fulfilled your responsibilities, some are making an effort, while others are still at the starting gate. I would like to remind you that teaching by example is one way children learn. How can we expect students to fulfill their responsibilities when they see their own parents ignoring theirs? Please do your part so WCS can continue to thrive.
